

GenScript Life Science Research Grant Program

Fostering collaboration
and excellence in life
science research

What is it?

GenScript Life Science Research Grant Program is a new initiative dedicated to supporting breakthroughs in life science research areas including but not limited to:

- ✓ Gene and Cell Therapy Development
- ✓ Antibody Drug Discovery
- ✓ Vaccine Development
- ✓ Diagnostics
- ✓ Plant Sciences

This program is designed to empower researchers by providing grant funding earmarked explicitly for purchasing GenScript reagents and services.

How it works

GenScript provides comprehensive “one-stop” solutions for projects in the identified research areas through its advanced technologies and platforms. The Life Science Research Grant Program will leverage GenScript’s existing capabilities to accelerate projects by partnering with investigators globally on their proposed projects.

 >40
Grants

Over **40 grants** are planned and will be awarded based on scientific merit, potential for impact, and strategic alignment with GenScript’s primary areas of scientific interest.

 UP TO
100K
USD

Grants will be awarded at a range of funding levels, dependent on GenScript’s internal committee assessment of the project’s budget needs. The maximum amount to be awarded is set at **100,000 USD** for qualifying projects.

 **12**
Months

Projects are expected to commence within six (6) months of receiving grant funding from GenScript, and research activities should generally take place over **one year or less**.

When and how to apply

To provide more opportunities to investigators globally and at different stages in their projects, four predetermined award cycles are planned for 2024.

Plan ahead and submit your application for one of our upcoming award cycles.

Application Submission Period	Application Review Period	Award Announcement
Feb 2 - Mar 15	Mar 16 - Apr 19	Apr 20
Mar 16 - Jun 15	Jun 16 - Jul 19	Jul 20
Jun 16 - Sep 15	Sep 16 - Oct 19	Oct 20
Sep 16 - Nov 15	Nov 16 - Dec 19	Dec 20

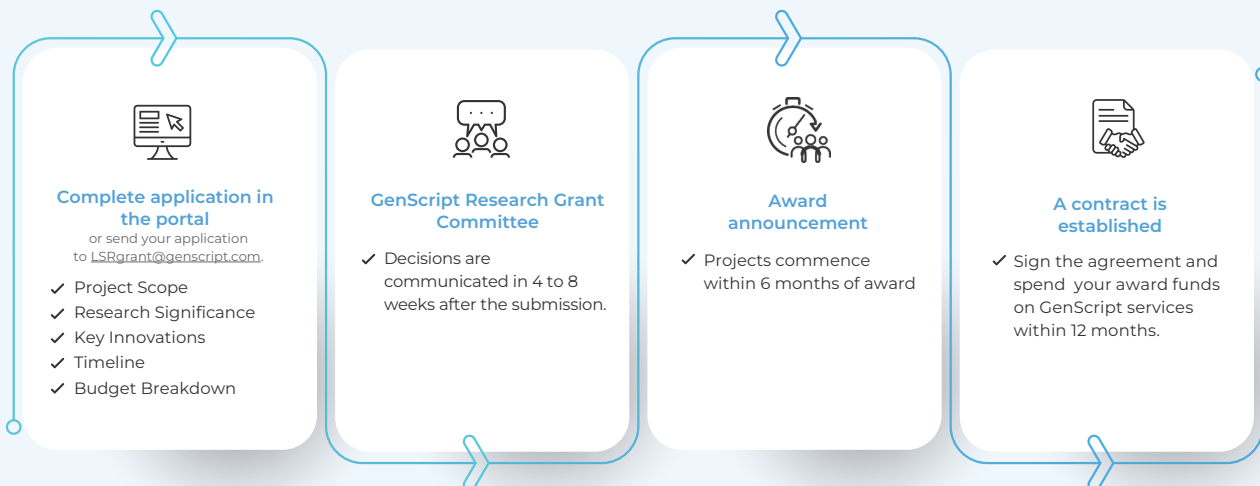

Grant applications for the 2024 GenScript Life Science Research Grant Program may be submitted electronically in English through GenScript's online portal. Alternatively, the application form may be downloaded from the webpage and sent to LSRgrant@genscript.com to apply.

GenScript reserves the right to make the final determination of funding for the Life Science Research Grant (LSRG) Program. The selection of individuals to receive LSRG awards, the total number of awards, and the amount of funding provided are solely determined by GenScript. Applicants may request a specific budget based on the proposal submitted during the application process; however, GenScript retains all rights to decide on the funding level and the extent of support provided to each awardee toward services and reagents.
